How to Login To Your Voyager WEBroker Dashboard

How to Login to Your Voyager WEBroker Dashboard

[Click Here](#) to view the video guide version of this training manual.

1

Go to
www.webroker.co.uk

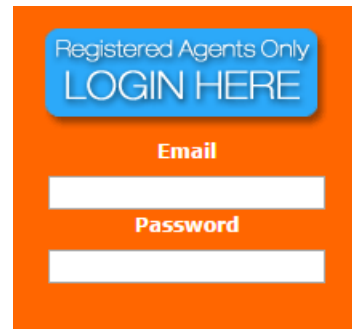

2

You should now see
the Voyager
WEBroker login
screen as shown
here.

3

Type your email
address and
password into the
orange box

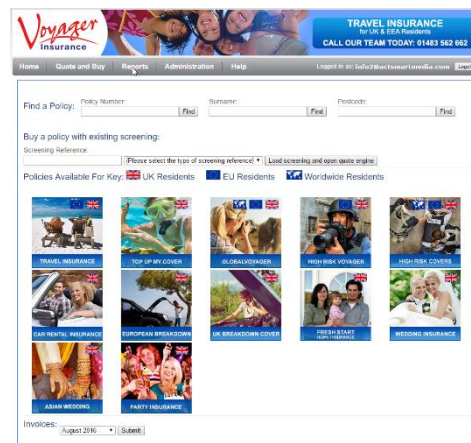

4

Click the blue 'Login
Here' button

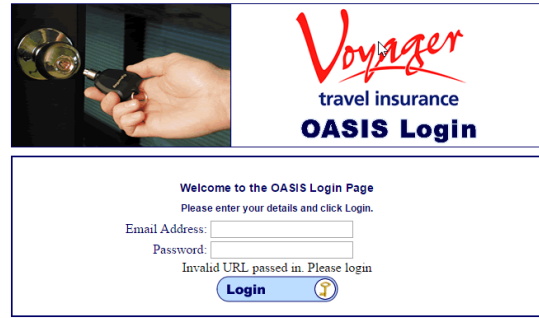

5

You have logged in
successfully if you
see this screen.

Troubleshooting:

1. If you see another login page that says “Oasis Login” after clicking the blue login button then you entered information incorrectly on the first login screen. Simply enter the correct details here on the “Oasis Login” screen. 

The image shows the Voyager OASIS Login page. At the top left is a small image of a hand holding a magnifying glass over a computer screen. To the right is the Voyager logo in red script, with 'travel insurance' in blue below it and 'OASIS Login' in bold blue below that. The main content area has the heading 'Welcome to the OASIS Login Page' and the instruction 'Please enter your details and click Login.' Below this are two input fields: 'Email Address:' and 'Password:'. Under the password field is the text 'Invalid URL passed in. Please login'. At the bottom is a blue 'Login' button with a small icon to its right.

2. If you have forgotten your password then please call Voyager on: **+44 (0)1483 562 662**
* Please note this is the only way to retrieve a password – we can NOT do it via email.
